

# Zach Freed.

## Senior Product Designer.

zachfreed.com  
zach.freed@gmail.com

### Experience.

#### HubSpot

Jun 2023 – Aug 2024  
Remote

#### Senior Product Designer

Led design for property management admin experiences. Partnered with another senior designer to reshape end-to-end property experiences. Successfully launched several major new features that led to a consistent ~75% average MoM CSAT positivity for my product area. Identified opportunities to evolve existing features for data cleanup tooling, property creation, and organization.

#### Klaviyo

Mar 2021 – Mar 2023  
Remote

#### Senior Product Designer

Design lead for data infrastructure features. Redesigned antiquated core tooling experiences which resulted in decreased support burden and reduction in time-on-task for admin users. Founding partner for new developer experience product. Contributed to systems, operations, and mentoring initiatives.

#### Order.co

Jan 2020 – Feb 2021  
NYC and Remote

#### Senior Product Designer

First design hire. Partnered with PMs to introduce UX activities and research to product development process. Led design of new flagship products and features that contributed to successful \$30M Series B funding round.

#### Tentrr

Feb 2018 – Jan 2020  
NYC

#### Senior Designer

Led design of new experiences which led to +30% avg increase in bookings MoM and decreases in support burden. Contributed to successful \$8M Series A funding round.

#### Priceline.com

May 2013 – Feb 2017  
NYC and Norwalk, CT

#### UI/UX Designer

Started in email marketing and later transitioned to designing end-to-end transactional experiences. Also designed internal tools for marketing technology teams.
